ALTON PUBLIC INFORMATIONAL MEETING
IMPROVEMENTS TO FOUR MILES OF NH ROUTE 28

The New Hampshire Department of Transportation announces a combined Public Officials/Public Informational Meeting will be held Tuesday, November 26, 2002 to discuss planned improvements to a four-mile section of NH Route 28 in Alton.

This project begins 200 feet north of the Alton Traffic Circle and ends 200 feet north of the intersection of NH Route 28A. The work involves pavement rehabilitation, constructing ten-foot bypass shoulders (while retaining four-foot shoulders elsewhere), intersection improvements at Old Wolfeboro Road, Bay Hill Road, and Route 28A, ledge work and guardrail replacement.

The November 26 meeting to display the proposed improvements and obtain input will be held at the Alton Town Hall, second floor, 1 Monument Square, in Alton at 7:00 pm.
